Dear Parent/Carer of.....

### DEVELOPING AN INDIVIDUAL HEALTHCARE PLAN FOR YOUR CHILD

Thank you for informing us of your child’s medical condition. I enclose a copy of the school’s draft policy for supporting pupils at school with medical conditions for your information.

A central requirement of the policy is for an individual healthcare plan to be prepared, setting out what support the each student needs and how this will be provided. Individual healthcare plans are developed in partnership between the school, parents, students and the relevant healthcare professional who can advise on your child’s case. The aim is to ensure that we know how to support your child effectively and to provide clarity about what needs to be done, when and by whom. Although individual healthcare plans are likely to be helpful in the majority of cases, it is possible that not all children will require one. We will need to make judgements about how your child’s medical condition impacts on their ability to participate fully in school life, and the level of detail within plans will depend on the complexity of their condition and the degree of support needed.

Please can you complete the attached individual healthcare plan and return it to UTC together with any relevant evidence.

If your child is bringing medication into school, please can you also complete the attached form ‘Parental Agreement for setting to administer medicine.’

If you would like to discuss your child’s medical requirements further please contact me by phone or e mail.

Yours sincerely

Sarah Ellis
